

FREE EVENING CLASS

MARCH 10, 2009

6-8pm in the GSBOR Classroom

TAX ADVANTAGES FOR REALTORS®

There is nothing more confusing and intimidating than increasingly complex tax codes. It's difficult to keep up with all the changes. Often tax laws are targeted to specific occupations or types of employees.

GSBOR and H&R Block tax professionals will offer a FREE EVENING CLASS on a wide variety of tax topics. We want to provide you with knowledge regarding the tax advantages available to REALTORS® and their clients.

On top of deductions geared towards REALTORS®, topics such as 1031 exchanges, deductions for rental properties and advise they can give to their clients buying a new home will be covered.
